Editor's Note

Informa Markets brings together the 5th edition of VietBeauty 2022 and the 13th edition of Cosmobeauté Vietnam 2022 with the freshest and latest in the beauty industry. With our very first edition of bringing two of the most prestigious shows together, our exhibition continues to grow with Vietnam's beauty industry through the years, with only more to be seen from the industry.

After a long two-year gap, people have anticipated and are now eagerly excited to participate in Vietnam's longest-running trade show. Without a doubt, Vietnam is a steady contributor to thousands of local and international beauty brands, products, and services, which satisfies the ever-changing needs of consumers.

Given the advanced ability to get anything with just a few clicks online, beauty professionals have a wider range of choices than ever before. With this infinite stream of demand, it is vital for the beauty industry players to step out of the boundaries of their homelands and look out for potential business relationships and markets.

VietBeauty 2022 & Cosmobeauté Vietnam 2022 acknowledges this potential – as a holistic avenue to serve the beauty industry, we bring you a power-pack three-day event from 24 to 26 August to bridge your business needs with new ideas, knowledge and the untapped market.

Find out more in the following pages and see what we have planned specially for you.

See you at the Hall B, Saigon Exhibition & Convention Centre soon!

Best Wishes,
The Editorial Team

Website: www.farmskin.us

Farmskin discovered that cow colostrum can work as an effective ingredient for skincare. With our unique technology, Farmskin succeeded in processing fresh colostrum into a skincare ingredient, registering it to ICIID. Since then, Farmskin combined colostrum and healthy farm ingredient and launched SUPERFOOD, FRESHFOOD FOR SKIN, exporting them to 50 different countries. We recently launched a baby skincare brand, fromom, for babies skin that is structurally different from adult skin. Farmskin started its journey by discovering the hidden potential of colostrum. Farmskin now strives to become a global skincare cosmetic company that delivers the full potential of all farm ingredients.
